

MERCURY

GAS RANGE 915mm

Mercury Gas Range answers the needs of modern, busy catering establishments for reliable, well built equipment that offers flexibility, performance, style and value for money. Mercury equipment has been designed with safety, ease of operation and performance as paramount. Mercury has a stylish and robust modular design, constructed of high quality brushed stainless steel, large “cool to touch” dials, robust oven door handle and large heavy duty adjustable feet.

All models are designed with cleaning and service in mind. Lift off heavy duty trivets, burners and removable trays and racks allow for easy cleaning. The front panel and bottom sill allow easy access to burners, valves and pilots for servicing and adjustment. The Mercury range is designed according to international operational compliance and safety standards.
